

Electronic Switchgear & High Voltage Enclosures

Volume:	1 to 50 litres
Container Construction:	Aluminium Casting
Operational Life (estimated):	9-12months
Leakage:	No leak under water
Pressure:	Limited to 3psi
Climate:	Northern Europe
Seals/Gaskets:	Nitrile Rubber (1 metre long – 3mm diameter)

Volumes:

Up to 1 litre	Combined Humidity Indicator & Desiccator BLD6088/01
Up to 10 litres	Combined Humidity Indicator & Desiccator BLD1099
Up to 50 litres	Combined Humidity Indicator & Desiccator BLD1078

Desiccator life assuming the equipment has been dry gas purged to remove hygroscopicity.

For Electronic Equipment silica gel desiccant is recommended.

For SF6 Gas use desiccant sachets BLD8226, BLD3717/86 or BLD3802/11

We recommend using our Tie down shelving, Kevlok straps and Shockmaster for shock and vibration conditions.
